27th March 2019

Dear Parent / Carer

Following an incident on the 25-03-2019 where one of our students who was walking home from the park on Long Nuke Road was grabbed by the arm by a white male, we are reminding parents of the importance of "stranger danger". The student acted very appropriately and ensured her own safety and this has been reported to the police.

As always, please remind your child to be extra vigilant on their journey to and from school and whilst out in the community. Remind them to keep all valuables out of sight also and to not have earphones in so that they are aware of what is going on around them.

Kind regards

Shenley Academy
