Re: Immersion Day 2 – Year 11

Dear Parent/Carer,

On **Tuesday 26th March 2019** the whole academy will be undertaking the second of three immersion days, which take place at specific points during the academic year. The University of Birmingham's Aim Higher team will be visiting the school to deliver a workshop to support year 11 students in implementing effective revision strategies leading up to the summer examinations. Year 11 pupils will also be working closely with the mathematics and science faculties to embed some of these strategies during the rest of the day. It is essential that your son/daughter attends the school day as failure to do so will affect their overall attendance.

Students will attend school in their normal uniform. Lunch time and break time arrangements will remain unchanged for the day.

Yours sincerely,

Mr M Jennings
Assistant Headteacher of Neptune College
Shenley Academy
