Vision and values

Through partnerships with local communities, Shenley Academy will strive to create a happy, safe, inclusive and challenging learning environment that develops independent, healthy and confident learners. We will ensure that all our learners including those with a disability, aspire to the highest of standards, are economically aware and make a positive contribution to the wider world.

In order to enjoy and access a balanced, rigorous and inclusive curriculum through which children learn effectively, the staff and governors aim to work with the wider school community partners to:

- Promote equal opportunities for all as an inclusive school regardless of disability, race, gender, culture or religion and make reasonable adjustments to the curriculum where required to cater for the needs of all pupils.
- Set high standards and targets for all pupils including those with a disability.
- Provide a safe and secure learning environment for all pupils.
- Develop pupil collaboration and independent learning opportunities.
- Make sure that all pupils are happy and fulfilled having a positive self-esteem.
- Equip all of our pupils with the necessary life-skills and become literate and numerate in order to gain a lifelong means of communication.
- Promote positive attitudes in pupils to enable them to develop socially, morally and spiritually so that they can make the right choices to stay safe.
- To positively encourage awareness and acceptance of disability both in and out of the classroom.
- Not to treat disabled pupils less favourably for a reason related to their disability;
- To make reasonable adjustments for disabled pupils, so that they are not at a substantial disadvantage;
- To plan to increase access to education for disabled pupils.

Definition of disability:
Under the Equality Act 2010 schools should have an Accessibility Plan. The Equality Act 2010 replaced all existing equality legislation, including the Disability Discrimination Act. The effect of the law is the same as in the past, meaning that “schools cannot unlawfully discriminate against pupils because of sex, race, disability, religion or belief and sexual orientation”. According to the Equality Act 2010 a person has a disability if:
(a) He or she has a physical or mental impairment
(b) The impairment has a substantial and long-term adverse effect on his or her ability to carry out normal day-to-day activities.
Purpose of the plan:
To reduce and eliminate barriers in accessing the curriculum and to enable full participation in the academy community for pupils, prospective pupils and adult users with a disability.

This plan sets out the proposals to increase access to education for disabled pupils in the three areas required by the planning duties in the DDA:

- increasing the extent to which disabled pupils can participate in the academy curriculum;
- improving the environment of the academy to increase the extent to which disabled pupils can take advantage of education and associated services;
- improving the delivery of information which is readily accessible to pupils who are not disabled.

The academy’s accessibility plan is resourced, implemented and reviewed and revised as necessary.

Monitoring arrangements:
This document will be reviewed every 3 years but may be reviewed and updated more frequently if necessary.

Links with other policies
This accessibility plan is linked to the following policies and documents:

- Special educational needs and learning policy
- Special educational needs (SEN) information report
- Supporting pupils with medical conditions policy
Increasing the extent to which disabled pupils can participate in the academy’s curriculum

Increasing access for disabled pupils to the academy curriculum and improving teaching and learning lies at the heart of the academy’s work. Through self-review and Continuous Professional Development (CPD), we aim to enhance staff knowledge, skills and understanding to promote excellent teaching and learning for all children. We aim to meet every child’s needs within mixed ability, inclusive classes. It is a core value of the academy that all children are enabled to participate fully in the broader life of the academy. Consequently, all children have always been permitted to attend age relevant after school clubs, leisure and cultural activities and educational visits.

| All educational visits to be accessible to all | Sharing guidance for staff on making trips accessible.  
Share care plans with staff for individual children.  
Ensure each new venue is vetted for appropriateness.  
Risk assessments take into consideration medical needs and disabilities and appropriate provision is put into place | Trips will be accessible to all children and all staff will be competent in supporting children with additional needs and disabilities.  
All pupils able to take part in a range of activities. | Ongoing | Trip coordinator  
SENCo.  
All staff involved in planning trips and supporting children on them. |
| To ensure PE is accessible to all and extra-curricular activities. | Full inclusion to participate in sporting activities. Staff to be aware of children’s limitations and care plans to be shared with staff. | All children will be able to participate in sports and extracurricular activities with reasonable adjustments despite having a disability. | Ongoing | All staff  
SENCO  
Trip coordinator |
Children with a disability to have the opportunity to participate in sporting events alongside children without disabilities.

Improving the physical environment of the school to increase the extent to which disabled pupils can take advantage of education and associated services.

Shenley Academy is situated in a three storey building. There are disabled toilet facilities and changing area facilities in the hygiene room as well as a lift providing access to all floors. The exterior of the building features ramps to allow access to the MUGA.

The academy will take account of the needs of pupils and other users with physical difficulties and sensory impairments when planning and undertaking future improvements and refurbishments of the site and premises, such as improved access, lighting, acoustic treatment and colour schemes, and more accessible facilities and fittings.
