6th March 2020

Dear Parent/Carer

“The past cannot be changed. The future is yet in your power.”

At Shenley Academy, we are committed to ensuring that your child completes Year 11 with the best possible GCSE results, in order for them to go on to achieve in whatever their chosen post 16 pathway.

Currently, your child is one of a number of students that we are particularly focused on. We passionately believe that your child could do extremely well in the summer in Mathematics; however the outcomes from their mock exams and their current predictions suggest they are going to need some extra support both in and out of school in order to reach what they are capable of.

In the run up to the exams, we have ensured we are leaving no stone unturned to enable your child to get the best grades they deserve.

The following additional support is being provided to your child;

Support	Frequency
P6 / 7	Every week additional to 6 lessons a week.
Revision packs	Fortnightly completion and additional support.
Wednesday Intervention	Targeted students - smaller groups intervention
Saturday school	Sets 2 and 3

Revision packs

Your child has been provided with revision packs to ensure that they have work available to work independently. This is to be monitored by the classroom teacher and one booklet at a time - any further support required is available.

Wednesday Intervention

This is an invite only session provided to the students who have been identified as requiring support in a smaller group.
