

Headteacher: Dr. J Bartlett – NPQH, PGCE, D.Phil, M.Chem **Specialisms:** Mathematics

4th March 2020

Dear Parent/Carer

“The past cannot be changed. The future is yet in your power.”

At Shenley Academy, we are committed to ensuring that your son / daughter completes Year 11 with the best possible GCSE results, in order for them to go on to achieve in whatever their chosen post 16 pathway.

Currently, your child is one of a number of students that we are particularly focussed on. We passionately believe that your child could do extremely well in the summer in their core subjects; however the outcomes from their mock exams and their current predictions suggest they are going to need some extra support both in and out of school in order to reach what they are capable of.

Your child will receive a targeted booklet with specific timeframes to complete on their own areas for development, as well as quality first teaching provided in school lessons and all the information necessary to support them in gaining the best grades possible.

The recommended way to use the question booklet is to answer each question section at a time, and use the answer booklet to mark. Use your answer booklet to support your learning but if you have any queries at all, or require any support, please speak to your teacher.

Yours sincerely,

Mr N Haq

Assistant Headteacher
