

Headteacher: Dr. J Bartlett – NPQH, PGCE, D.Phil, M.Chem **Specialisms:** Mathematics

18th January 2021

Dear parents/carers,

Important information re self-isolation to reduce the spread of Covid 19

Please can I remind all parents that clear guidance from the government states that **you and those in your household must immediately self-isolate if:**

- you have any symptoms of coronavirus (a high temperature, a new, continuous cough or a loss or change to your sense of smell or taste)
- you've tested positive for coronavirus – this means you have coronavirus.
- someone you live with has symptoms or tested positive.
- someone in your support bubble has symptoms and you've been in close contact with them since their symptoms started or during the 48 hours before they started.
- someone in your support bubble tested positive and you've been in close contact with them since they had the test or in the 48 hours before their test.
- you've been told you've been in contact with someone who tested positive.

This means all students must self-isolate immediately if someone they live with has Covid 19 symptoms.

Anyone who has any symptoms of coronavirus must get a test as soon as possible.

Please see the NHS website for further information:
